Profile

Junior researcher currently pursuing a PhD in Informatics Engineering at the University of Coimbra, with a Bachelor's degree in Game Development from IADE University, and a Master's degree in Artificial Intelligence also from IADE. Sound experience in full-stack web, mobile, and Internet of Things applications, as well as Deep Learning libraries and video game development. Strong research & development skills in various AI techniques, including classical algorithms, game AI, Large Language Models, Deep Reinforcement Learning, and Neuroevolution.

Education

Informatics Engineering (PhD.), University of Coimbra

Sep. 2025 — Ongoing 📍 Coimbra, Portugal

No grades yet

Creative Computing & Artificial Intelligence (MSc.), IADE Creative University

Sep. 2021 — Mar. 2024 📍 Lisbon, Portugal

Final Grade: 18/20

Games & Apps Development (BSc.), IADE Creative University

Sep. 2018 — Jun. 2021 📍 Lisbon, Portugal

Final Grade: 17/20

Computer Game Applications Development (BSc.), Abertay University

Jan. 2021 — May 2021 📍 Dundee, Scotland

Final Grade: 20/20

Skills

Programming Languages:

C#, C++, JS, Python, Java, SQL, HLSL, HTML, CSS, R, Kotlin, TS, Lua.

Software Engineering:

Throughout my academic journey, I've worked on several different areas of software development, like full-stack web, mobile, and Internet of Things applications, as well as Deep Learning libraries and video game development.

AI Research:

I have experience with various AI techniques, including classical algorithms, game AI, and Deep Learning methods such as Large Language Models, Deep Reinforcement Learning, and Neuroevolution.

For more information about my skills and the projects I've worked on, please visit my portfolio page at:

Publications

Master's Thesis:

Silva, P.F. (2024). An evaluation of deep reinforcement learning & neuroevolution in stealth game problems. Final Grade: 19/20

Experience

IADE, Universidade Europeia
Teaching Assistant

📍 **Lisbon, Portugal**
Feb – Mar. 2022

I worked as a Teaching Assistant at IADE Creative University, where during this time I was responsible for giving classes to students on “Web Development” in the Games Development BSc, and “Object Oriented Programming” in the Management IT BSc.

PAC-WOMAN Project: (PTDC/SAU-DES/2865/2020)
Universidade Lusófona
Research Consultant

📍 **Lisbon, Portugal**
Feb – Dez. 2024

I contributed as a research consultant, developing systems to analyze and integrate raw data from accelerometers into a database. I participated in discussions about statistical analysis methods and database processing. Additionally, I provided solutions to enhance databases for more accurate statistical analysis using the R programming language.
